PES Members:

Hope you are having a great summer! Your Board of Directors is pleased to keep you informed of the following developments and opportunities for our membership:

For All Members:

It's not too late: Join us for the 9th Joint Meeting of Pediatric Endocrinology, September 19-22 in Milan, Italy!

This prestigious occasion will reunite the European Society for Paediatric Endocrinology (ESPE) with the Pediatric Endocrine Society (PES), Australasian Paediatric Endocrine Group (APEG), Asia Pacific Paediatric Endocrine Society (APPES), African Society for Paediatric and Adolescent Endocrinology (ASPAE), Japanese Society for Pediatric Endocrinology (JSPE), and the Sociedade Latino-Americana de Endocrinologia Pediátrica (SLEP).

For more information, including hotel and registration information, please click here. http://www.jointmeeting2013.org/

PES is currently planning the 2014 Meeting in Vancouver!
Send your program ideas ASAP to: Dr Brandon Nathan at natha039@umn.edu

A new Maintenance of Certification-Endocrinology module is now available!
All board-certified pediatric endocrinologists must earn 100 points in their MOC cycle, of which 40 points must be approved in Part 4 (performance in practice) activities. As of June 4, there is a new Part 4 activity: EQIPP: STEP Up Diabetes Care: Screening, Testing, Education, and Prevention from the AAP: http://eqipp.aap.org/
This module is worth 25 points, is suitable for both individuals and teams, opened 6/4/2-13 and closes 6/14/2016. Additional modules are underway and we will keep you informed when they are approved.

NEW PES website coming very soon!
Stay tuned for an exciting new and improved website with many new features for our membership- we anticipate the new website going live later this summer.

Pediatric Endocrinology Fellowship Match 2013 Results:
The NRMP Spring Subspecialty Match was held May 29, 2013. Congratulations to the 62 fellowship applicants who successfully matched! However, 22 pediatric endocrinology fellowship positions (in 18 programs) did not fill. If you know of 3rd year residents considering a career in pediatric endocrinology and needing to identify programs with availability for 2014, contact Bruce Boston, chair of the Training Council for more information bostonbr@ohsu.edu

International Journal of Pediatric Endocrinology: PES member discounts! Call for Review Articles!
PES is proud to affiliate with IJPE, which publishes original research articles, clinical studies, case reports, and editorials, including PES Reviews written by our members.
1. To access the Table of contents: http://www.ijpeonline.com/
2. PES members receive a 65% discount on publication costs
3. The Editor-in-Chief, Scott Rivkees, invites those interested in becoming an Associate Editor to contact him at: ijpeonline@biomedcentral.com
3. Associate Editor David Allen invites proposals for “PES Reviews”, a section of IJPE dedicated to publication of concise, state-of-the-art reviews of important and timely topics in pediatric endocrinology. The section is specifically designed to provide a high-visibility venue for publication of contributions by fellows and junior faculty. Please send a one-page letters-of-intent describing topic scope, importance, and authorship qualifications to David Allen at dballen@wisc.edu. Proposals will be reviewed, ranked, and if selected, assigned a timeline for manuscript preparation, submission, and prompt review and revision to allow publication of PES Reviews every three months. The Board of Directors has approved a proposal to place the IJPE logo on the PES website which will link you directly to their recently published articles.

New contact information for PES Management (Degnon Associates): Katie Moore. Katie’s email is Katie@degnon.org and her direct dial phone is 703-556-9225 ext 118.

Stay cool this summer-
Sincerely,

Morey W. Haymond, MD, PES President
Charlotte M. Boney, MD, PES Board Member
