

## PES Special Interest Group Sessions

**Friday, April 24<sup>th</sup> 1:00pm-3:00pm**

### **DSD-SIG Meeting:**

1-2pm: Dr. Louisa Pyle, MD, PhD Topic: Tumor and malignancy risk in gonads of individuals with DSD

*Dr. Pyle is a geneticist and basic scientist at the Children's Hospital of Philadelphia. Specific title to be announced.*

2-3pm: Business meeting and planning for 2020-2021 SIG activities

### **PES Turner Syndrome SIG Meeting**

#### **1-2.30 pm**

Presentation: The goal of this TS Special Interest Group presentation is to provide a better understanding of key issues in care, relevant screening and diagnostic tools that may be used, and appropriate referral of patients for neurobehavioral problems.

**Title: Behavioral Health Risks in Turner Syndrome: The Role of the Pediatric Endocrinologist**

Speakers:

Dr. Shanlee Davis, MD, MSCS  
Assistant Professor, Pediatric Endocrinology  
Children's Hospital of Colorado

Dr. David Sandberg, PhD  
Professor, Clinical Psychology  
University of Michigan

**Summary:** Girls with Turner syndrome (TS) are at risk for multiple medical and behavioral health conditions and recent Clinical Practice Guidelines define management recommendations. This TS SIG session will focus on behavioral health in TS, including an overview of the risks and neuropsychological profile, current data on screening for behavioral health conditions in the clinical setting, and discussion of incorporating behavioral health screening and care into a clinic model and the role of endocrinologists in this mission.

#### **2.30-3pm**

**SIG Business Meeting**

- Discussion about next steps

### **Transgender Health and Ethics SIG**

*We are very excited about our upcoming 2020 Pediatric Endocrine Society Annual Meeting (April 24-27, 2020 in Fort Worth, TX) as we continue to plan our joint SIG meeting that will be held on **Friday, April 24, 2020 3:30pm-5:30pm**. Please keep the meeting date/time in mind as you make travel arrangements for the meeting! The topic of*

our meeting will be "**Clinical and Ethical Challenges in the Care of Non-Binary Youth**" - we plan to invite a panel of experts from the fields of **bioethics, mental health, and medicine** to review and discuss challenging cases submitted by our SIG members! You will have the opportunity to present your case to the experts themselves at the SIG meeting. We will plan to broadcast the meeting live via Zoom, for those who are unable to attend in person. We will be sending more details as the meeting draws closer, but **please send me your challenging cases caring for non-binary youth for consideration (janet.lee@ucsf.edu)**. We'll let you know by March 31, 2020 if your case is selected for presentation!

- 2) The Ethics SIG will also be presenting the "Ethics in Pediatric Endocrinology Case Based Modules" on a broad range of topics during the MOC Part 2 session hosted by the MOC-QI Committee on Saturday, April 25, 2020 5:30-7:00pm. This is a great opportunity to showcase our work on this project and help our PES colleagues get MOC Part 2 credit.
- 3) Ethics SIG leadership will be transitioning in April 2020 from Dorit and I, to Rebecca Harris and Natalie Nokoff. Rebecca and Natalie have been active contributors to the Ethics SIG over the past few years and we are excited for them to take the reins!

#### **Lipid and Obesity SIGs Meeting**

The Annual PES Lipid meeting will be held on Friday, April 24, 2020, from 3.30-5.30 pm in Fort Worth. This will be a Joint meeting with Obesity SIG.

Joint oral sessions with Obesity SIG: 3.30- 5 PM

We will have six brief oral presentations with 1-2 questions.

Independent Lipid SIG Business meeting: 5-5.30 PM.
